

# PDPI HIGH ROLLER II-S SLANT BED MAT ROLLER

PDPI's High Roller II-S offers greater efficiency and safer operation.

## THE HIGH ROLLER II-S FROM PDPI:

*Easy feeding  
inclined bed.*

*Rolls latex, rubber and  
vinyl-backed mats.*

*Sand trap with  
removable pan.*

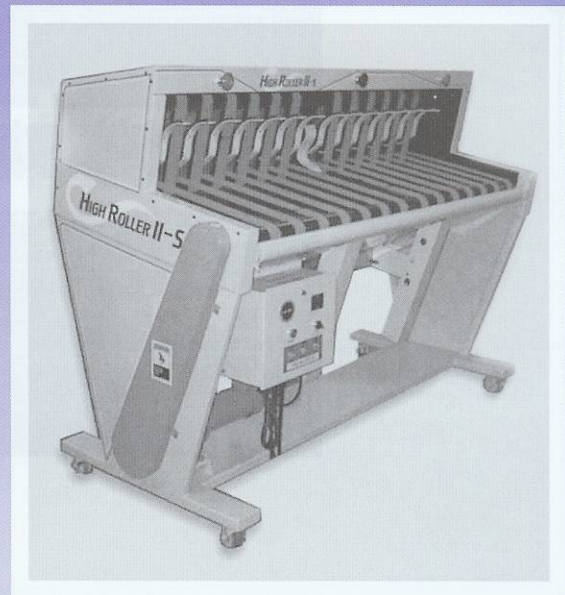

*Unit Counter and  
cumulative time  
usage meter*

*Self-starting roll.*

*CE Compliant Model  
available.*

The High Roller II-S machine incorporates features of both of our original models the High Roller and the EZ Roller mat rolling machines. It provides the larger width design of the High Roller to roll wider mats and the ergonomic slanted bed of the EZ Roller for easier access and reduced strain on the operator.

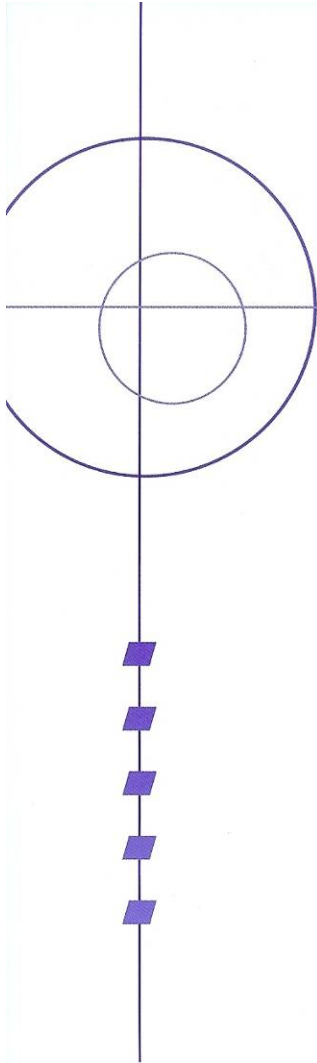

It can roll mats up to 6' wide and 20' long. From lift table, to roller, to storage the average operator can roll up to 165 mats per hour with ease - twice the average hand-rolling rate.

**PRODUCTION**  
**Design Products**  
INC.

*Completely assembled and ready to operate.*

*Converting Your Ideas Into Reality*

# PDPI HIGH ROLLER II-S PRODUCT SPECS
